

Information Technology Job Family

JOB CODES: To get the job code for a job, simply take the four digit "Job Code Prefix" for the level you are working with (be sure to pull the correct management vs. individual contributor prefix) and add the two letter "Job Code Suffix" to the end of those four digits. Example: Information Technology Professional 2-Business Analysis = 9702BA.

Note: IT Supervisor 2-User Support & IT Professional 2-User Support the job codes do not use the standard prefix/suffix, for these please use: 7632US & 8632US.
